Section 2. No building, fence, wall, or other structure shall be commenced, erected, or maintained upon the Properties, nor shall any exterior addition to, or change, or alteration therein be made until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Committee.

Section 3. The Architectural Committee shall have the right to refuse to approve any plans, specifications, and/or plot plans, taking into consideration the suitability of the proposed building or other improvements, the materials of which it is to be built, whether or not it is in harmony with the surroundings, and the effect it will have on other residences already constructed.

Section 4. Prior to the commencement of any construction, each Owner shall submit to the Architectural Committee, in duplicate, plans and drawings, in a one-eighth (1/8) scale or larger, which shall contain, at a minimum:

- (a) front elevations;

One complete set shall be retained by the Architectural Committee and the second complete set shall be returned to the applicant, with the Architectural Committee's approval or disapproval clearly noted thereon.

Section 5. In the event the Architectural Committee, or its designated committee, fails to approve or disapprove such plans within thirty (30) days after they have been submitted to it, such approval will be automatic. The terms "Building" or "improvements" shall be deemed to include the erection, placement, or alteration of any wall, fence driveway, or parking area, or any such activity undertaken subsequent to initial construction.

Section 6. The Architectural Committee is authorized to modify or amend during or before, in the construction or alteration of any building, the Article of these restrictions concerning set-back and location and size of improvements if, in the opinion of the Architectural Committee, such shall be necessary to prevent undue hardship.

DEED 64 V PG 455

Section 7. All construction, including fences, by any Owner, shall be performed by a licensed contractor or licensed builder and must be of materials and workmanship comparable to others in the subdivision.

Section 8. Once construction is commenced, each Owner shall be responsible for insuring that such work proceeds at an orderly and timely pace, with no work stoppage in excess of fourteen (14) consecutive days, acts of God excepted.

Section 9. The construction of all houses and other structures shall be completed within six (6) months after the construction of same shall have commenced, except where such completion is impossible or would result in great hardship to the Owner or builder. Houses and other dwelling structures may not be temporarily or permanently occupied until completed. During the continuance of construction, the Owner shall require the contractor to maintain the residential lot in a clear and uncluttered condition. Clean-up and removal of all boxes, trash or debris of any kind, shall be on a regular basis. No loose trash will be permitted to be strewn about the Property at any time. Any contractor who disregards this clean-up requirement will be, without recourse, subject to immediate suspension of his work until he complies with the clean-up requirement in every respect. Contractors who continue to disregard this clean-up requirement may be permanently removed from the Property without recourse.

Upon completion of construction, the Owner shall cause the contractor to immediately remove all equipment, tools, and construction materials from the Lot. Any damage to roads

DEED 64 V PG 456

or property owned by others caused by the Owner's contractor or other parties providing labor or services to the Owner, shall be repaired by the Owner or by the Declarant at Owner's expense.

Section 10. The Declarant expressly reserves the right to assign any of the duties, powers, functions, and approval authority set forth herein to any assignee at Declarant's sole discretion.

Section 11. No approval of plans, location or specifications, shall ever be construed as representing or implying that such plans, specifications, or standards will, if followed, result in a properly designed residence. Such approvals and standards shall in no event be construed as representing or guaranteeing that any residence or improvement thereto will be built in a good workmanlike manner. The Architectural Committee shall not be responsible for or liable for any defects in any plans or specifications submitted, revised, or approved under these covenants nor for any defects in construction pursuant to such plans and specifications. The Owner shall have sole responsibility for compliance with the restrictions and does hereby hold the Architectural Committee harmless for any failure thereof caused by the Owner's architect or builder.

Section 12. It shall be the responsibility of each Owner and tenant thereof to prevent the accumulation of litter, trash, packing crates, or unkempt condition of buildings or grounds on his property, or to permit accumulations which shall tend to substantially decrease the beauty of the community as a whole or the specific area. No loose trash will be permitted to be strewn about the Property at any time. Garbage containers must be kept out of sight from

DEED 64 V PG 457

the street, except during collection hours. All personal use items shall be stored inside when not in use. These items include, but are not limited to, yard tools, sprinklers, wheel barrows and children's toys as would create a nuisance for the community. In the event the requirements of this section are not adhered to, the Association shall send written notice via certified mail giving an additional period for compliance of ten (10) days, unless a hardship or special circumstance requires additional time. If the violation continues, the Association may at its sole discretion, hire contractors or personnel to correct said violation and bill the Homeowner for all costs incurred. The amounts owed shall, if not paid, become a lien on the lot as specified herein.
